AdvanTech® Flooring & Sheathing

AdvanTech flooring is ranked as the leading brand of quality flooring in *BUILDER* magazine's annual Brand Use study, for the 7th consecutive year!

That's no accident. **AdvanTech** flooring offers better performance on all levels... it has greater water resistance, strength and durability than OSB and plywood, and reduces installation and cycle time. In fact, **AdvanTech** flooring is so confident in its superior advantages, it offers a 50-year limited warranty.¹

It's More Than Flooring

The performance and peace of mind builders have found in **AdvanTech** flooring is also available in **AdvanTech** sheathing for roof and wall applications. **AdvanTech** sheathing's moisture resistance, design bending strength and design stiffness are superior in comparison to commodity OSB or plywood.

9 Out Of 10 Builders Agree*

With a long list of advantages no other product can match, **AdvanTech** flooring is the preferred choice of fine builders. 9 out of 10 builders that try **AdvanTech** flooring stick with it. Why?

- No sanding is required due to moisture, delamination and edge swell. Guaranteed!¹
- Greater design bending strength and stiffness over commodity OSB and plywood
- Stiffer panels reduce bounce and possibility of cracks in ceramic tile
- Better nail holding strength improves hardwood flooring installation and reduces the chance for squeaks and pops
- The unique fastening guide panels reduce installation time by 20%
- Self-spacing tongue and groove ensures consistency and greater ease of installation

AdvanTech... for superior value and priceless peace of mind.
